Letter from the Chief Conservator of Forests, L. Dis. No. 478/29, dated the 25th March 1929.

[*Reference*:—Government Memorandum No. 19/I-29-1, dated the 9th January 1929.]

[Subject:—Legislative Council question—Agricultural implements—Kurnool district.]

Statements showing the agricultural implements and fuel issued for genuine domestic consumption at departmental rates during the months of June, July, August, September and October 1928 in the three forest divisions of Kurnool district are submitted.

2. The quantities shown in the above statements represent sales made by the contractors at the edges of coupes. Sales elsewhere than at the edges of coupes are not subjected to restriction and so contractors are not bound to render accounts of such sales.

3. In Kurnool East division, except in one coupe, there was no sale of agricultural implements as such, as the ryots buy the wood by the cart-load and convert such of the materials as are fit for agricultural implements.
